SUMMARY

I am an ambitious web developer who believes that continuous learning and perseverance are the path to success and excellence. I have experience in developing web applications using the latest technologies and excel at problem-solving and teamwork. I always strive to deliver innovative and practical solutions that meet users' needs and achieve the best results.

WORK EXPERIENCE

FREELANCE WEB DEVELOPER

SELF-EMPLOYED, REGENSBURG, Bavaria, GERMANY | Apr 2025 - May 2025

- Developed a global property **rental and booking platform** with user registration, listing, and secure authentication. - Built both front-end and back-end using Node.js, Express.js, MongoDB, Next.js, React.js, and Tailwind CSS. - Managed the full project lifecycle independently, focusing on responsive design and data integrity.

FREELANCE WEB DEVELOPER

SELF-EMPLOYED, REGENSBURG, Bavaria, GERMANY | Apr 2025 - May 2025

- Developed a full-featured **e-commerce website** from scratch, including payment integration (Stripe) and secure authentication (Clerk). - Built responsive, user-friendly interfaces and managed a secure MongoDB database. - Led all project phases independently, from planning to deployment, with a focus on performance optimization and testing.

EDUCATION

BACHELOR'S DEGREE IN APPLIED ENGINEERING

INFORMATICS Tishreen University

Syria | Sep 2020 - Sep 2024
